INFORMATIONAL BOOTH APPLICATION

The Informational Booth program is designed for community oriented organizations and non-profits, especially those that fit into the DFM theme of local production, sustainability, and healthy lifestyles.

The program is available to any qualifying organization for at least a one Saturday appearance. If you wish to appear more often than that, please indicate that in your application.

Interested organizations, please complete the following application and mail or email it so that it is received at least one week prior to the market you wish to attend. Acceptance will be at the discretion of the Market Manager and Board of Directors. Your date of appearance will be confirmed by the Market Manager following the receipt of your application, along with set-up details, via email.

Cost: The program is free to community organizations and non-profits who are dispensing information and/or free giveaways. In exchange for the free space DFM asks the community organization to inform their group members and mail/email lists of their appearance at the market and invite them down to the market. If a community organization or non-profit plans to do fund-raising of any kind, (including sales of tickets, merchandise, or soliciting donations), the cost is \$20 (half the normal cost for a booth) due by 11am of the market day, to be delivered to the Market Manager at the DFM Info Booth (next to the Elk sculpture). For any accepted for-profit business, or government entity, that fits into the theme of local production, sustainability, or healthy lifestyles there is a \$40 fee per market.

Canopy, Table, and Display: If you do not have access to your own canopy and table, those items may be available from DFM. Check with the Market Manager for availability and usage. Accepted organizations must publicly display the name of their organization on the scheduled market days. All approved organizations must stay set up for the duration of the market, until noon.
